PAWAN VASHISTH

OBJECTIVE	During my degree, I successfully combined my studies with work and other commitments showing myself to be self-motivated, organized and capable of working under pressure. I have a clear, logical mind with a practical approach to problem solving and a drive to see things through to completion. I enjoy working on my own initiative or in a team. In short, I am reliable, trustworthy, hardworking and eager to learn. Over Eight years' of experience as a leader of various project teams, maximized many great opportunities to work on challenging projects, when three critical proficiencies of a team leader were developed tremendously: **1). Earned leadership** status by setting inspirational goals and setting examples – Superb organizational, motivational, management and time management skills. **2). Maximized team performance** – Exceled at identifying, developing and using strengths of team members, as well as locating, detecting and resolving problems and weaknesses of each team individual. 3). Maximize my team leading experience in a challenging environment, guiding by example and utilizing vast experience in directing a team towards its objective within the deadlines and thus achieving the corporate goals.
Professional Experience	- Inspired each team member to perform and produce their best. - Determined the duties and responsibilities of individuals in a team. - Analyzed the individual performance of each team member and motivated them to perform even better. - Organized training workshops to improve the performance of the members who were lagging behind in terms of performance. - Analyzed the assigned projects and distributed tasks to the members as per their area of expertise - Reported any problem or fault in the project to the project manager or supervisor. - Offered solutions to the top management regarding project-related queries.
